	Josh Allen	BUF	\$9,200	\$8,200	KC	54	3	19	7	32.11	0.81	45.00		Slate-Breaker	There's not too much to say, Josh Allen is Superman and could absolutely go nuclear in this spot against KC. He's expensive but might have the highest ceiling of any player on the slate at any position.	
	Kyler Murray	ARI	\$8,300	\$7,300	SEA	50.5	23	31	9	20.99	0.49	26.60		Strong	I want both sides of this game as both pass defenses are bad and Vegas expects a lot of points.	
	Tom Brady	TB	\$7,500	\$6,300	PIT	43.5	8	18	5	17.73	0.43	-1.40		Strong	Brady and the Bucs are picking it up now that they're getting close to full strength. The Steelers are reeling on defense and have injuries everywhere.	
	Geno Smith	SEA	\$7,400	\$5,700	ARI	50.5	1	27	8	21.18	0.67	15.40		CASH	Geno is playing out of his mind right now and the Seahawks will have to throw in this one, whether they are leading or trailing as Arizona is decent against the run.	
	P.J. Walker	CAR	\$6,300	\$4,900	LAR	42	31	17	19	2.4	#DIV/0!	#DIV/0!		CASH	Walker starts for the Panthers and is so cheap that if you play him in cash you can smash in a whole bunch of higher priced players. I am not sure I want to do it yet, but I just might

	Nick Chubb	CLE	\$9,500	\$8,200	NE	43	1	28	81	27	20.80	55.60%	24.6		GPP	I simply have to keep rolling out some Chubb weekly. His price is steep, but he keeps producing and he has yet another solid match-up here as New England has not been great against the run. The Browns prioritize the run game every week, so we know he's going to get the touches.
	Jonathan Taylor	IND	\$8,000	\$8,000	JAX	42	32	9	54	10	22.50	85.70%	13.55		GPP	Taylor returns to the lineup and my interest here in mainly due to his projected ownership of only around 8-10%. He had over 5 yards per carry against Jacksonville in the first meeting, before the Colts got down and had to throw. So a positive game script this time around could do his output wonders.
	Saquon Barkley	NYG	\$8,800	\$7,700	BAL	44.5	6	26	79	19	23.00	50.00%	22.32		Strong	Barkley has made the most of his touches and the Giants offense runs through him. It's a better match-up than you might, think, too. Get some exposure in GPPs.
	Leonard Fournette	TB	\$8,500	\$7,400	PIT	43.5	29	17	60	14	20.00	57.10%	18.88		CASH	Tampa has one of the higher implied team totals this week and likely a positive game script for Lenny against the Steelers who just got throttled and are banged up.
	Alvin Kamara	NO	\$8,100	\$6,700	CIN	43	4	11	78	29	19.33	0.00%	14.43		GPP	Kamara is looking less chalky than last week, so I want to hop on this week as he was uber-productive with his touches, he just had all the TDs vultured by Taysom Hill.
	Jeff Wilson Jr.	SF	\$7,200	\$6,200	ATL	44.5	21	27	71	12	16.40	42.90%	13.3		CASH	Wilson is doing his thing and running well for the Niners. They are favorites here and will always look to establish the run first. His role seems secure at this point and I would even trust him in cash.
	Rhamondre Stevenson	NE	\$7,500	\$6,000	CLE	43	11	32	96	3	16.20	25.00%	13.26		CASH	I'll eat Stevenson chalk. He's good and the NE O-line is great. Cleveland allowing a ton of offense to opponents.
	Breece Hall	NYJ	\$7,100	\$5,800	GB	45.5	14	30	80	16	14.60	60.00%	17.16		GPP	Hall had his big breakout game last week and now gets the 30th-rated run defense. The Jets want to feature him on the ground and feed him work in the passing game, too.
Kenneth Walker III	SEA	\$6,500	\$5,400	ARI	50.5	12	12	75	21	7.25	25.00%	7		GPP	Walker looks to be the biggest beneficiary of the Penny injury. He might not get all the work with DeeJay Dallas mixing in, but he is a dynamic runner and is super cheap and playing in an elite game environment.

	Cooper Kupp	LAR	\$9,400	\$9,700	CAR	42	25	22	18	12.80	9.80	32.00%	29.02		Strong	Kupp is to the point where you are never going to sneak him in there under say 15% ownership, but I do think he's sneakier this week more than most.
	Justin Jefferson	MIN	\$9,200	\$8,900	MIA	45.5	14	32	11	11.00	8.00	30.30%	24.98		Slate-Breaker	Jefferson continues to be heavily targeted and gets a match-up he could absolutely smash this week against Miami, who have the worst pass DVOA defense.
	Stefon Diggs	BUF	\$8,900	\$8,400	KC	54	3	19	7	10.40	7.80	37.90%	25.76		CASH	I'm playing the ownership game here with Diggs in cash, but I think he's a great play in any format and I want pieces of that Bills-Chiefs game.
	DK Metcalf	SEA	\$7,400	\$6,800	ARI	50.5	1	27	27	8.60	5.60	50.00%	15.64		GPP	Metcalf and Lockett have both been going off and Geno has not been afraid to take shots down the field to both guys, if you are stacking Seattle you have to get some shares of both guys or double-stack them at least once.
	Chris Godwin	TB	\$6,800	\$6,100	PIT	43.5	8	18	1	6.33	5.33	15.00%	10.57		CASH	Godwin looks like he's trending in the right direction, if he plays, then it's a great spot for him as slot receivers have been hammering the Steelers this year.
	Tyler Lockett	SEA	\$7,500	\$5,600	ARI	50.5	1	27	27	8.00	6.40	7.10%	17.92		CASH	Lockett is the cash play for me, his price is stupid cheap and he's been money for Geno and this team all year.
	Chris Olave	NO	\$6,700	\$5,500	CIN	43	27	7	29	8.40	5.00	25.00%	15.98		CASH	Olave is progressing well from his concussion and looks like he could play. If that's the case, then I will have some shares this week as he's still cheap and it looks as if Thomas could be out again.
	Romeo Doubs	GB	\$5,500	\$4,800	NYJ	45.5	13	23	16	5.80	4.40	20.80%	11.08		GPP	Doubs has emerged as Rodgers favorite target, but the GB passing game is pretty unpredictable one week to the next, that keeps him a GPP only play at this point.
	Alec Pierce	IND	\$5,900	\$4,300	JAX	42	32	9	21	5.50	3.75	13.00%	9.3		GPP	Pierce has seen his targets and catches increase now two weeks in a row. He looks bad on paper, but we should see Indy have to throw in this game and he's running the type of shorter routes that bodes well for his involvement with Matt Ryan playing conservatively.
Rondale Moore	ARI	\$5,600	\$4,200	SEA	50.5	23	31	25	6.50	5.00	7.70%	8.4		GPP	Moore saw his involvement grow last week and we expect this Arizona team to throw it early and often against the poor Seattle secondary.	
TE	Mark Andrews	BAL	\$7,800	\$7,000	NYG	44.5	2	24	20	9.20	6.40	38.10%	18.84		GPP	Andrews over Kelce for me this week as he has the better match-up.
	Zach Ertz	ARI	\$6,000	\$4,900	SEA	50.5	23	31	1	8.20	5.60	42.30%	12.98		CASH	Ertz is very cashy this week with his steady involvement and high floor.
	Tyler Higbee	LAR	\$6,200	\$4,600	CAR	42	25	22	19	9.60	6.60	24.00%	12.4		CASH	Higbee is the other cash game guy, his target share is massive for a TE and doesn't seem to be going anywhere.
	Noah Fant	SEA	\$4,900	\$3,000	ARI	50.5	1	27	2	3.20	2.60	14.30%	5.9		GPP	Fant and Will Dissly both have some appeal here as Arizona has been terrible against the TE position and both are red zone weapons for Geno.
