	Name	Team	RotoBaller Analysis
QB	Josh Allen	BUF	Allen and the Bills love to throw the rock and the Bears aren't stopping anyone. His rushing ability makes him an elite tourney play, too.
	Patrick Mahomes	KC	Mahomes just keeps getting it done every week and Seattle is not likely to slow them down this week either.
	Kirk Cousins	MIN	The Vikings inability to blow anyone out puts Captain Kirk in contention again this week, though I do favor their running game more in this one.
	Geno Smith	SEA	Geno and the Seattle offense should be able to score on KC and he brings a pretty solid floor for his price.
	Gardner Minshew II	PHI	Minshew makes a lot of good stuff fit, is playing indoors, and gets Dallas Goedert back in this offense. The Eagles should have to throw, too, as Dallas will be loading up to stop the run.
	Name	Team	RotoBaller Analysis
RB	Christian McCaffrey	SF	McCaffrey is more of a must-play on DK due to his elite receptions floor in PPR scoring, but I am finding room for him on both sites in cash right now. Since Purdy took over, he's been getting a ton of usage and it's just hard to fade him right now.
	Derrick Henry	TEN	CAN'T FADE HENRY THIS WEEK, I MIGHT GO 100%
	Dalvin Cook	MIN	Cook looks good here against a weak Giants run defense and will be considerably less rostered than the top two backs.
	Alvin Kamara	NO	Kamara and Chubb are both interesting in this wind game if both teams just run the ball and throw safe passes.
	Kenneth Walker III	SEA	Walker is the guy in Seattle and I want exposure to this offense (and KC's) in a number of different ways.
	Jerick McKinnon	KC	I'm working McKinnon into cash builds on DK, his receiving floor is solid and I want some exposure to his ceiling as he's gone for 30+ now in two straight.
	J.K. Dobbins	BAL	Dobbins has been awesome two weeks in a row, going over 100 yards and ripping off big gains. I have him in FD cash based on his price being lower than McKinnon.
	Name	Team	RotoBaller Analysis
WR	Justin Jefferson	MIN	You can't fade Jefferson any week it feels like and this game has such appeal being in a dome while so many other games are in bad weather environments.
	Amon-Ra St. Brown	DET	Haven't played the Sun God in a few weeks, but he could be could a nice GPP play here in a sneaky good game environment.
	CeeDee Lamb	DAL	Lamb has big game potential every week and I see Philly loading up against the run here.
	DK Metcalf	SEA	Metcalf should be heavily targeted with Lockett out and Seattle is likely going to have to throw it.
	Terry McLaurin	WAS	McLaurin is very contrarian this week, but he can win this matchup as long as Heineke can get him the ball.
	DJ Moore	CAR	Moore in cash? Yes, the spot against the Lions is that good that I think we have to strongly consider him as a core play this week.
	Darius Slayton	NYG	I really like the Giants receivers this week as I think we see them have to throw a lot against this bad Vikings secondary.
	Chris Moore	HOU	Collins is out, but Cooks is set to return. I still like Moore a lot assuming he suits up here against this pass-funnel defense.
	Isaiah Hodgins	NYG	Hodgins is a decent punt for cash games based on his recent floor and this matchup.
	Jahan Dotson	WAS	Dotson is rolling right now and the Commanders will have to throw here against an excellent SF run defense.
	Name	Team	RotoBaller Analysis
TE	Travis Kelce	KC	If you can fit Kelce into builds, do it, he has the best matchup of any receiver or TE on the slate.
	T.J. Hockenson	MIN	TJ continues to be highly targeted since going to Minnesota is a solid mid-tier pivot here.
	Dallas Goedert	PHI	Goedert was great in one game with Minshew last year and the Eagles are probably itching to get him some touches since he's been out for over a month.
	Jordan Akins	HOU	Akins is my cash punt right now. The Titan pass defense is vulnerable and they've allowed some big games (remember Evan Engram?) to opposing TEs lately.
